WORK EXPERIENCE

ALLIED TESTING
Chisinau
Nov 2018 - Jul 2023

Manual QA specialist
I'm very thankful to "Allied testing" for opening the IT world for me. After I finished a free course (hold by the company) and graduated with a diploma, I was able to begin my career in Allied itself. I had the opportunity to develop my basic QA skills like: Functional, Non-Functional testing, SQL-Back End queries, Strategic and Consumer driven set of mind, as well as social social skills needed for a productive cooperation with a diverse cultural and ethical team.

DATTO
London
Apr 2021 - Present

Quality Assurance Specialist
More than two years I am responsible for testing Datto Integrations with other products like: Autotask PSA, ConnectWise PSA, IT Glue and Datto's Endpoint Detection and Response integration. My work day includes but is not limited by: API testing, Back end Testing, Front end testing also performance testing when it is applicable.
